International Christian Chamber of Commerce

a global business network

The mission of the International Christian Chamber of Commerce (ICCC) is to serve as a vehicle in extending the operation and principles of wisdom, love and the rule of God Almighty into the marketplaces of the world.

Central to this purpose is the mission of releasing business people into the walk of God's Kingdom; helping release the anointing into their respective businesses, and redeeming businesses, business people and finances for a higher purpose through the outward manifestation of an inward walk of faith. Also central to this mission is the networking and mobilizing of Kingdom entrepreneurs, executives, educational and governmental leaders into the purposeful, strategic, global Kingdom initiatives underway in our day.

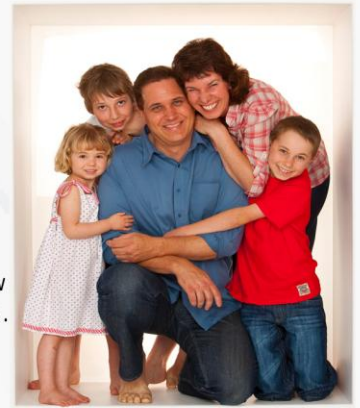

Grace Church Presents Paul McConnell Australian President of the ICCC

Paul McConnell's Summary

Paul experienced the power of the Internet in the 1980's – first at university and then in several of his early jobs. Always a strong advocate of the technology, he was well positioned in 1993 to take advantage of the Internet commercialisation as the WWW rapidly evolved. Then again in 2004 he was positioned to enjoy the telecommunication shake-up with the emergence of IP Telephony before moving into international wholesale telecommunications provision in 2008.

Having successfully commercialised several of his companies in 2009 and 2010, Paul now servers a number of start-up and early stage businesses in Africa, Europe and Australia.

Paul will be presenting the Transforming Your Working Life Seminars.

TRANSFORMING YOUR WORKING LIFE SEMINAR.

There is a unique contrast between one who merely professes Christianity in the marketplace compared to one who actually brings God's Kingdom rule into his or her business activity. This is the conviction held by the International Christian Chamber of Commerce and which is reflected in its foundation teaching programme, *Transformed Working Life*.

As you undertake this teaching programme, you will encounter a season of testing as God provides opportunities for you to practically outwork it in your daily life. You will be challenged to approach your decision making-making processes from a higher plain. Press into the challenge of this transformation and you will be released into a new authority in God's Kingdom as you experience a greater measure of wisdom and power coming from God through Jesus Christ.

Transformed Working Life has been taught around the world with many experiencing a fresh understanding of work being a calling from God and a release into this dynamic of the Kingdom of God in their work. *Transformed Working Life* has been taught around the world with many experiencing a fresh understanding of work being a calling from God and a release into this dynamic of the Kingdom of God in their work.

In the midst of a world that is increasingly being shaken, the challenge from God is to let Him have full control of your business activity and your working life because He has need of both it and of you in the days ahead. As we make a conscious choice to take up this challenge and shed our old business practices and activities, by His grace we will experience an ongoing transformation.

Will you take up this challenge and experience a release into a transformed working life? Better still, will you encourage others to join you and do likewise?

Do not be conformed to this world (this age), [fashioned after and adapted to its external, superficial customs], but be transformed (changed) by the [entire] renewal of your mind [by its new ideals and its new attitude], so that you may prove [for yourselves] what is the good and acceptable and perfect will of God, even the thing which is good and acceptable and perfect [in His sight for you].
